

PRELOK FASTENERS

Delta-PT® Screw

- Developed for use with Thermoplastics materials.

PT® Screw

- Developed for use with Thermoplastics materials.

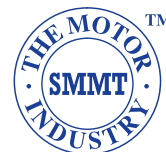

PT® Type DG Screw

- Developed for use into light alloy metal components.

Duro-PT® Screw

- Design incorporates a “cutting notch” that effectively removes debris that is a common problem with conventional self-tapping screws when used in Thermoset plastic materials.

PT is a registered trade mark of EJOT Verbindungstechnik GmbH & Co. KG, Bad Laasphe, Germany.

FM 29134

Manufacturers of general PT® and Delta PT® range of thread forming screws for plastics

Longacres, Willenhall, West Midlands, WV13 2JS, UK. Tel: +44(0) 1902 600000 Fax: +44(0) 1902 600015
